How cloud computing works

- Cloud computing differs from traditional IT hosting consumer (whether that's a business, organization, or individual user) generally doesn't own the infrastructure needed to support the programs or applications they use.
- Instead, those elements are owned and operated by end-user pays only for the services they use. In other words, cloud computing is a on-demand, utility-based model of computing.

'Browse dailies to crack civil services'

Coimbatore, Apr 28:

Newspaper reading must to crack civil services, observed Mohammad Yazar, Deputy Commissioner of GST Dibrugarh, Assam. He was addressing the students of Sri Krishna Adithya College of Arts and Science, Coimbatore at a virtual meet organised jointly with Aram IAS Academy, Chennai on the topic 'Career Opportunities in Civil Services' when he drove home the point that IAS aspirant must get an update on current affairs which is vital for all the three stages (preliminary, mains and interview) of UPSC civil services exam.

Just a degree is suffice to take up the civil services exams, he told the students and urged them to work on this count by preparing for it during the final year of their graduation. Pointing out that there are umpteen successful candidates, who through their self study got their dream a reality, he said that browsing through the previous years solved question papers will definitely help the aspirants to clear the exams. However, they can get the help of IAS coaching institutes for mock interviews as they would be experienced in guiding the candidates about the modalities of the interview which usually lasts for 20 minutes wherein questions are covered from a broad range of topics.

Earlier, the resource person in his intro detailed about civil services including age limit, number of attempts based on community basis besides different types of civil services like IAS, IPS, IRS, IFS, IES and IA&AS and went on to say that UPSC conducts civil services exam for 23 services. No doubt, the

exam is the gateway to one of the premier services in Government of India.

Later, he answered to a volley of questions from the candidates. Earlier, principal Dr S Palaniammal in her presidential address called upon the students with any degree to have a vision in their life to scale new heights by taking up civil services exams since it's a dignified career and is considered a prestigious job as a civil servant.

Dr.Sreejith Vignesh B P, HoD, IT and convener of the event welcomed while Kalyani Jaganathan staff of Aram IAS Academy compered the proceedings and Senthil Kumar, Director, Aram IAS Academy moderated the entire event. Dr.M.Swapna, HoD, English proposed a vote of thanks. For more info about civil services log onto <https://www.upsc.gov.in>
