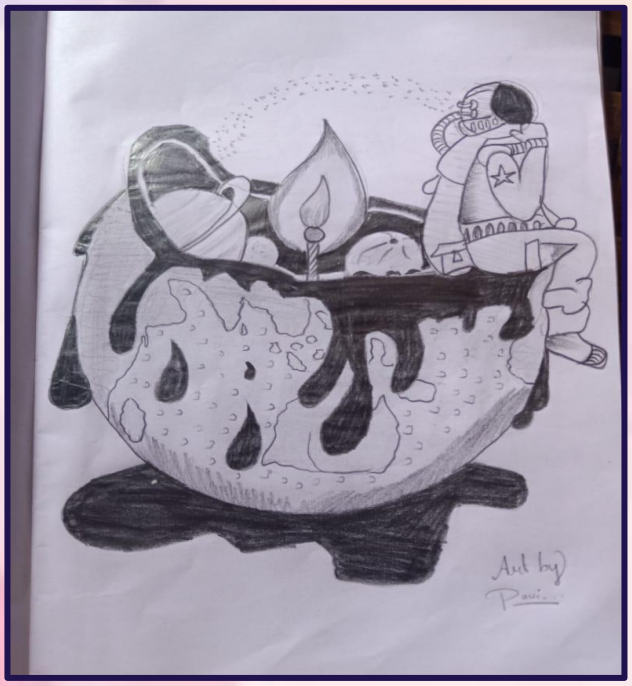
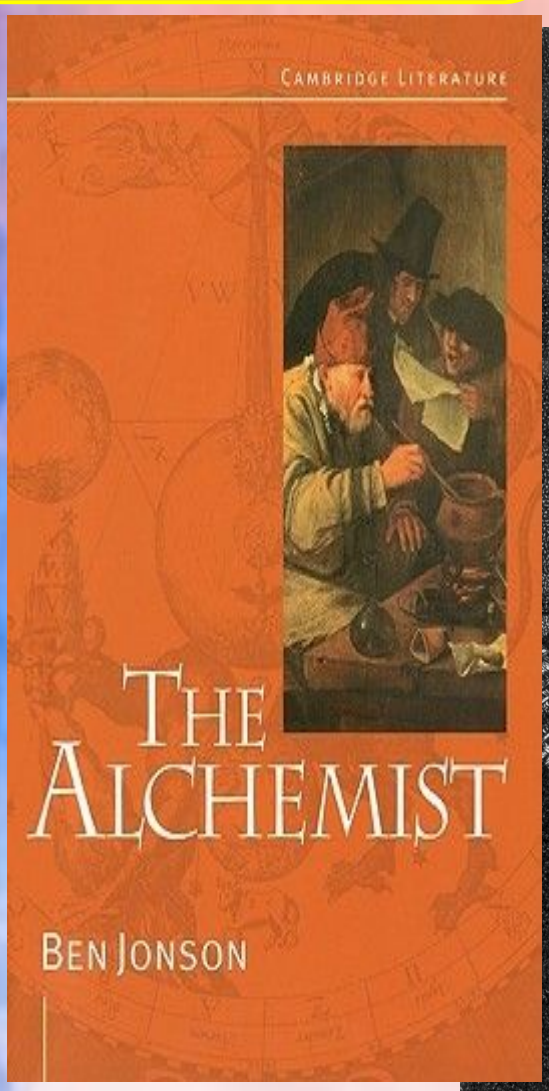
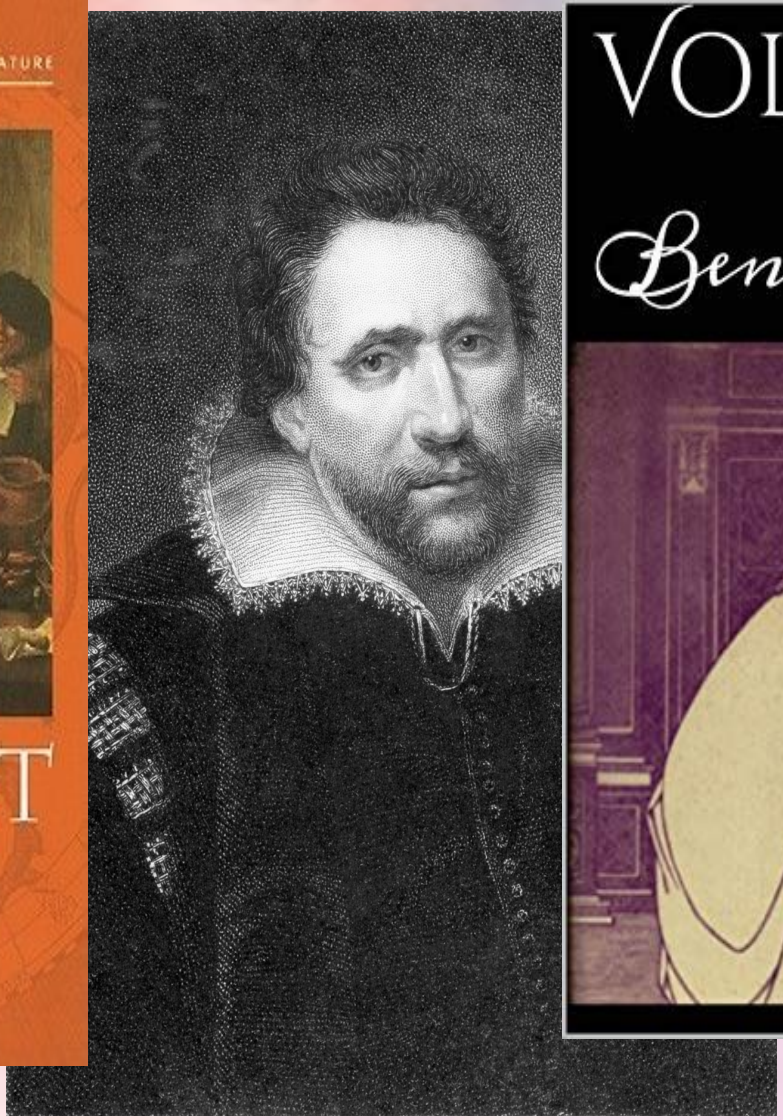
CREATIVE CORNER

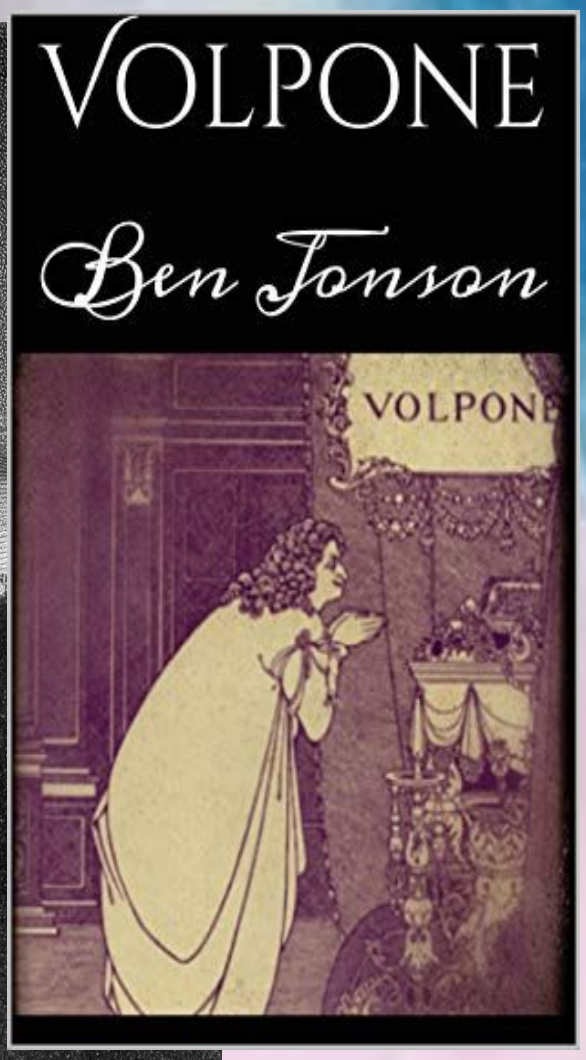


K.Pavithra -II B.Sc CS A

KNOW THE FACTS







Benjamin Jonsonwas was an English playwright and poet. Jonson's artistry exerted a lasting influence upon English poetry and stage comedy. He popularised the comedy of humours; he is best known for the satirical plays The Alchemist (1610) and Bartholomew Fair (1614) and for his lyric and epigrammatic poetry. He is generally regarded as the second most important English dramatist, after William Shakespeare. During the reign of James I, Jonson was a classically educated, well-read and cultured man of the English Renaissance with an appetite for controversy (personal and political, artistic and intellectual) whose cultural influence was of unparalleled breadth upon the playwrights and the poets of the Jacobean era (1603–1625) and of the Caroline era (1625–1642).
